

PRECISE + ACCURATE WATERJET

ROUND HOLES. SQUARE EDGES.

I provide precision services that minimize your need for secondary machining. Drawing from my decade of experience, I can start from a CAD file, a napkin sketch, or reverse engineer a broken part, delivering expert manufacturing design and production. No MOQ.

SERVICES OFFERED

- Manufacturing Design
- Precision Waterjet Cutting
- Inspection Report

EQUIPMENT SPECIFICATIONS

- 6-Axis Head
- Bed: 5' x 10'
- Tolerance: +/- .003"

BUSINESS PROCESS

1. Pre-Manufacturing:
